## Work Experience

### Senior Web Developer | neotiv GmbH, Berlin (Apr 2023 – Present)

- Led migration from Vue 2 to Vue 3 including Vuetify 3 integration, improving performance and maintainability.
- Transitioned frontends build pipeline from Vue CLI to Vite, enabling faster builds and smaller bundles.
- Delivered high-impact features aligned with user and product goals.
- Collaborated with cross-functional teams for seamless API integration and deployment.
- Improved test coverage and contributed to robust component architecture.
- Actively engaged in code reviews and Agile processes.

### **Senior Software Engineer | HCL Technologies Gmbh, Berlin (Jun 2021 – Mar 2023)**

- Developed a back-office application for loan risk assessment using Vue.js.
- Integrated backend services using Node.js and managed major feature deployments.
- Worked on Micro Frontends, optimizing loading times and building reusable components.
- Actively contributed to CI/CD processes and production release cycles.

### **Software Engineer | HCL Technologies, Bangalore (May 2019 – May 2021)**

- Promoted to Chapter Lead after winning a company hackathon.
- Built responsive UIs using Backbone.js, jQuery, and Bootstrap.
- Led a small frontend team and coordinated closely with UX designers.
- Delivered accessible, browser-compatible interfaces.

### **Software Engineer | HCL Technologies, Bangalore (Aug 2018 – Apr 2019)**

- Developed brokerage advisory modules using React.js and Redux.
- Handled client-side validation and resolved critical delivery issues.

## **Education**

Bachelor of Technology in Electronics and Communication Engineering  
Sreenivasa Institute of Technology and Management Studies, Andhra Pradesh  
Aug 2014 – May 2018

## **Awards**

Live Wire Award – HCL Technologies (2021) Awarded for high performance in a critical project.

## **Languages**

- English (Working Proficiency)
- German (A1 Elementary Proficiency)
- Telugu (Mother Tongue)

## Conferences & Events

**Vue.js Amsterdam Conference – 2024** Attended the world's most special & largest Vue.js conference in Amsterdam, gaining insights into cutting-edge frontend trends and best practices from the Vue core team and global experts.
